# Preface

A national focus on the literacy needs of American students has caused a reexamination of instructional and administrative practices at all levels of education. This heightened awareness of student literacy needs calls for school administrators to engage in new leadership roles.

KET and the Kentucky Department of Education visited a variety of schools in Kentucky and interviewed principals, literacy coaches, curriculum specialists, state educational cooperative literacy consultants and teachers in an effort to capture the type of leadership described in research-based standards. The *Literacy Leadership: Stories of Schoolwide Success* video series is a compilation of successful practices gathered from these visits.

## **About *Literacy Leadership: Stories of Schoolwide Success***

*Literacy Leadership* features video clips that examine successful literacy programs at nine Kentucky schools and explore how one district is taking its first steps on the journey to a comprehensive literacy program. Videos are organized by school and also can be navigated by the "Seven Disciplines for Strengthening Instruction" defined in *Change Leadership, A Practical Guide to Transforming Our Schools*.

Production of this new resource for principals and other literacy leaders was guided by the findings and recommendations of *Reading Next*, *Change Leadership* and other accepted reports about literacy leadership: what it is and what it looks like in schools. The *Literacy Leadership* success stories illustrate these principles.

## **About *Literacy Leadership Facilitator's Guide: Stories of Schoolwide Success***

The *Literacy Leadership Facilitator's Guide* is a teaching tool that will help facilitators and participants explore the key elements of a strong literacy leader. This guide is organized by the *Change Leadership* topics, school name, video clips, clip questions and reflective questions and also can be navigated by the "school level."

<b>1.</b> Urgency For Instructional Improvement Using Real Data <b>2.</b> Shared Vision Of Good Teaching	"The Atkinson Story"	<p>Who was invited to the table to have real discussions about the collective vision of the school?</p> <p>In the video, the principal discussed a process for looking at literacy programs. Briefly describe this process.</p>	<p>What do you think is the difference between a common and a collective vision? Why do you think the principal emphasizes a "collective" vision?</p> <p>What does the leader have to do to produce a strong literacy culture in a building, particularly in a low-performing school?</p>	<p>ACTIVITY 1</p> <p>ACTIVITY 2</p>	

<i>Change Leadership Topic Numbers</i>	<b>Video Clip</b>	<b>Clip Questions</b>	<b>Reflection Questions</b>	<b>Activities</b>	<b>Suggested Resource</b>
	“The Instructional Leadership Team”	<p>Whom did the principal ask to be a part of the instructional leadership team?</p> <p>How often does the leadership team meet, and what should be the focus of the team?</p> <p>How is an instructional leadership team different from an SBDM council?</p> <p>How did the instructional leadership team promote a positive change in the culture of the school?</p>	<p>Think about the strengths and challenges of the staff members in your school. What are some of the qualities that you would want in team members of a leadership team?</p> <p>Based on these qualities, can you identify members for a leadership team?</p> <p>What are some discussions that might take place within a leadership team meeting?</p> <p>How can you ensure that the instructional leadership team stays focused on student achievement?</p>

2. Shared Vision Of Good Teaching	“The School-Based Decision Making (SBDM) Committee”	What were the three committee arms of the Atkinson SBDM governing body? (Table Discussion) What was the purpose of each committee?	<p>Do you use your SBDM as a “governing body?” If so, then how? If not, then what changes should be made?</p> <p>Share your step-by-step process for shared decision making within your school.</p> <p>What pieces of evidence do you have to demonstrate that your council and committees are focused on student achievement?</p> <p>List some actions that you and the SBDM council have taken to promote student achievement.</p>

<p>1. Urgency For Instructional Improvement Using Real Data</p> <p>7. Diagnostic Data With Accountable Collaboration</p>	"Data Meetings"	<p>What did the principal mean when he said that a school must have a "tolerance for truth?"</p> <p>The principal indicated the place to start was with the numbers -- data on student performance. What did he do to "deprivatize" the data on student performance and its link to teaching?</p> <p>How was qualitative data gathered by the principal?</p> <p>The principal alluded to a shift of significance in data analysis. What did this mean to you?</p>	<p>Given the quote "tolerance for truth," what are some ways that you use data to get at the "truth" in your school?</p> <p>How do you use this data to inform instruction?</p> <p>Does your school have a data team?</p> <p>Who monitors the data?</p> <p>Does your data team see "faces with the numbers?" Explain.</p> <p>How do "faces with numbers" affect the culture in your building?</p> <p>What monitoring system do you have in place to ensure student progress toward standards?</p>	ACTIVITY 3	<u>Data Wise</u>

<b>4.</b> Shared Vision Of Student Results <b>6.</b> Professional Development	“Grade-Level Meetings”	<p>According to the video, how often should grade-level meetings be conducted?</p> <p>What was the purpose of these grade-level meetings?</p>	<p>How might an agenda be a useful tool for a grade-level meeting?</p> <p>What does “just in time” professional development mean to you and your teachers, and what would it mean for your students?</p> <p>Take a few minutes to reflect on how you meet the professional development needs of your teachers in a timely manner (i.e., job embedded, differentiated, other method). How would you rate yourself? (not yet addressed 1 2 3 4 5 well established) What is working? What is not working?</p>		
<b>3.</b> Meetings About The Work	“Higher Order Thinking Skills (HOTS)”	<p>What five elements were included in the continuum of thinking skills?</p> <p>What is HOTS? Why would this be important to student and teacher growth?</p> <p>What was the focus of the meetings about the work in regard to HOTS?</p>	<p>How do you intentionally implement creative ideas, based on research, that improve student achievement?</p> <p>What procedures are being used to monitor student progress and to measure effectiveness of creative ideas?</p>

6. Professional Development	“Demonstration Sites”	<p>What is the purpose of a demonstration site?</p> <p>List and describe the “best practices” that are included within the research project and why these characteristics are important.</p>	<p>How do you utilize the best and brightest teachers in your school?</p> <p>Do you place your best teachers with the neediest students in the school? Why?</p>		
2. Shared Vision Of Good Teaching 6. Professional Development	“Summer Writing Institute”	<p>Describe the evolution of the Summer Writing Institute at Atkinson. What role did the Instructional Leadership Team take in preparing teachers for the institute?</p> <p>How did this long-range planning and preparation contribute to the success of this professional development experience and its impact on implementation?</p>	<p>As a principal, how do you model behaviors for teachers that you expect teachers to exhibit for your students?</p> <p>What beginning steps can you take as an administrator to evolve from your current role into more of an instructional literacy facilitator?</p> <p>As an administrator, how do you monitor the implementation of the professional development in the classroom?</p>

<b>1.</b> Urgency For Instructional Improvement Using Real Data <b>7.</b> Diagnostic Data With Accountable Collaboration	“Data Board”	What explanations were given for keeping a data board?	What system or systems does your data team have in place to review data?  How often do teachers review the data?  What is done with the data after data meetings have been conducted?  What are some ways that data boards could be used within your school?	ACTIVITY 1	Internal & External Assessment Inventory Data Wise (pg 15, 16)
<b>7.</b> Diagnostic Data With Accountable Collaboration	“Principal Teaching”	What does the phrase “eyes on text mean,” and why is it important?	How often do you shadow students to monitor the time spent with eyes on text?  At Thomas Edison, the principal utilized all staff to support reading instruction. How are you utilizing your entire staff to support reading instruction?	ACTIVITY 2	Kentucky Systems of Intervention (KSI)
<b>1.</b> Urgency For Instructional Improvement Using Real Data	“Services for Transient Students”	What specific responsibilities does the transition teacher assume in supporting newly enrolled students at Thomas Edison?	What services are provided for transient populations of students within your school?  What procedures does your school have for newly enrolled students?

	<b>Edythe J. Hayes Middle School, Fayette County</b>				
<b>2. Shared Vision Of Good Teaching</b>	<b>“The Hayes Story”</b>	<p>List the most pressing problems that teachers and administrators of Edythe Hayes Middle School faced.</p> <p>List the three priority goals that the school identified for beginning the improvement process.</p> <p>At EJHMS, school-wide literacy was identified as a priority for high-level mastery of the curriculum. List some of the ways teachers worked with teachers at EJHMS to improve instruction. Specifically, how did the principal facilitate/create these opportunities? How often do you lead teachers in these types of reflective/collegial processes?</p> <p>The principal of EJHMS emphasized that change takes time and effective use of staff/personnel. Explain what you think she means.</p>	<p>Identify three short-term (one school year or less) and three long-term (greater than one year) goals for your school. Quickly assess your own school assignments. Are the right people in the right places for the right reasons? What assignments could you make to improve this situation?</p> <p>The video referred to some Literacy Support Structures such as collegial planning, common assessments and standards-based units of study. Reflect on the support structures that are in place at your school. What additional support structures might be needed?</p>	<p>ACTIVITY 1</p> <p>ACTIVITY 2</p>

<b>3.</b> Meetings About The Work <b>6.</b> Professional Development	“Strengthening Reading Literacy”	Consider the steps Hayes Middle School staff took to implement the literacy program. The principal emphasized the importance of using teacher leaders for effective change. Which department did they start with? Why? What were these teacher leaders supposed to accomplish?	What modifications to the Hayes model will you need when reflecting on your building and your staff? The EJMHS principal emphasized having the right person in the right place for a task. With this in mind, would you choose to begin with a certain department or go with a more diverse group of teachers who are already instructional leaders in your school?	ACTIVITY 3	
<b>4.</b> Shared Vision Of Student Results <b>6.</b> Professional Development	“Content Academies”	<p>Describe the content academies EJMHS used for literacy training. Include ways in which the teachers/departments took ownership of their own learning.</p> <p>Explain how the development of common assessments, written by a team of teachers, led to conversations that ultimately impacted instruction.</p>	<p>Professional development experiences should be designed to impact both teacher practice and student learning. How do you evaluate professional development in terms of the impact on teacher practice and student learning? What changes need to be made?</p> <p>Think about how professional development funds are used at your school. Could content academies have a place in your professional development plan?</p>

5. Effective Supervision	"Evaluation Process"	<p>When the principal of EJMHS conducted informal walk-throughs as evaluations of teaching, what were her expectations?</p> <p>She described a frequency report that was crucial in informing the next steps in teacher growth. Describe how this report helps develop and support struggling teachers.</p>	<p>Based on the video clip, what approach would you use to develop struggling teachers?</p> <p>Compare the EJMHS evaluation process for teachers with the evaluation process in your school.</p> <p>Can you identify items on your evaluative instrument that don't relate to improving instruction/student achievement? Should any of these items be removed?</p> <p>In order to provide a more thorough observation of teacher performance, what indicators need to be added?</p> <p>Think about the amount of data collected on each teacher. Do you base an evaluation on one class period or a series of informal walk-throughs/conferences? Justify one method or the other.</p> <p>How do you ensure that your approach includes consistency and follow-up?</p>

<p>2. Shared Vision Of Good Teaching</p> <p>6. Professional Development</p>	“Refinement and Sustainability”	<p>The literacy coach said that Hayes MS made changes “the hard way.” Describe what she meant. (Standards-Based Units of Study)</p> <p>How long did the principal expect it to take before improvements were reflected in student achievement? How long did it take? What role did the administration have in supporting this work?</p> <p>What impact did success have on teacher buy-in and morale?</p>	<p>What information do your teachers need to refine their practices? What evidence supports this assertion? What structures do you have in place to begin this work? What additional resources will you need?</p> <p>What steps would you take to build your literacy efforts into a sustained literacy program?</p>

## Activities

### ***J.B. Atkinson Elementary, Jefferson County***

#### **ACTIVITY 1 (Atkinson - The Atkinson Story)**

Take a few minutes to brainstorm a list of representatives that you would invite to the table for discussions surrounding instructional improvement.

#### **ACTIVITY 2 (Atkinson – The Atkinson Story)**

Review the program evaluation tool. How did this change your thinking about evaluation of a core program?

#### **ACTIVITY 3 (Atkinson – Data Meetings)**

Please read the *Data Wise* article and reflect upon your school to determine your application of the improvement process.

## ***Longest Elementary, Muhlenberg County***

### **ACTIVITY 1 (Longest Elementary – Long Range Planning)**

Review your consolidated school improvement plan (CSIP) document through a backward planning lens (right to left) to determine if your student outcomes are supported by grade-level activities/strategies.

### **ACTIVITY 2 (Longest Elementary – Support from Ed. Coop.)**

[http://education.ky.gov/search/results.html?terms=&affiliateId=&cx=002259339780532511197%3A8do6a4vdyd0&cof=FORID%3A11&ie=UTF-8&q=Tuning+Protocols - 1261](http://education.ky.gov/search/results.html?terms=&affiliateId=&cx=002259339780532511197%3A8do6a4vdyd0&cof=FORID%3A11&ie=UTF-8&q=Tuning+Protocols-1261)

Review A Tuning Protocol for Analyzing Student Work. As a staff, how will you ensure that as you analyze student work, information gleaned will be used to guide instructional practices and improve student achievement?

### **ACTIVITY 3 (Longest Elementary - Teacher Mentoring)**

Review the standards and indicators of the PERKS document within the literacy leadership DVD.

### **ACTIVITY 4 (Longest Elementary – Progress Monitoring)**

[http://www.studentprogress.org/library/articles.asp - matters](http://www.studentprogress.org/library/articles.asp-matters)

### **AFTER READING “Research Matters/How Student Progress Monitoring Improves Instruction:”**

Can you describe how a baseline, aim line and goal could be set for a student? How could formative assessments be used to monitor this student’s progress? How often?

***Martin Luther King Jr. Elementary, Christian County***

**ACTIVITY 1 (MLK Jr. - MLK Jr. Story)**

Given that high visibility is an attribute of an effective instructional leader, what activities might you list as effective use of being visible?

**ACTIVITY 2 (MLK Jr. – Collaborative Team Planning)**

Using the attached document (pg 33-34), *Analysis Of Student Work*, please list three important ideas to remember, two connections and one question to ponder for using such a process to analyze student work.

## ***Thomas Edison Elementary, Covington Independent***

### **ACTIVITY 1 (Thomas Edison Elementary - Data Board)**

Review the sample internal and external assessment inventory guide from Data Wise (pg 36-37). Please take some time to inventory the assessments given at your school to determine the following: (pg 38-39)

1. Is there data duplication from similar assessments? If so, what can be done to correct the problem?
2. Is there an assessment timeline? If not, please outline a monthly assessment timeline.
  - Is the timeline realistic for teachers and students?
  - Is there a balance of assessments between formative and summative?
  - As a part of the formative assessments, what are some ways that teachers are progress-monitoring student achievement?
  - How is the formative/summative data being used to inform instruction down the student level?

### **ACTIVITY 2 (Thomas Edison Elementary - Principal Teaching)**

Take some time to review the school schedule and your staffing assignments. Is the staff being used in the most efficient way to support reading instruction? Explain.

## ***Edythe J. Hayes Middle School, Fayette County***

### **ACTIVITY 1 (Edythe J. Hayes – The Hayes Story)**

Conduct a reflective needs analysis of your school. Using a t-chart, create a list of your school's instructional priorities and the obstacles you might encounter in implementing change for each. With others in your group, discuss how these obstacles might be overcome.

### **ACTIVITY 2 (Edythe J. Hayes – The Hayes Story)**

Create a self-assessment checklist/to-do-list for activities and strategies a principal/instructional leader should regularly engage in *that promote teacher collaboration and improve instructional practice*; brainstorm methods for increasing teacher ownership of instructional practice and success.

### **ACTIVITY 3 (Edythe J. Hayes –Strengthening Reading Literacy)**

Using the “Literacy Walk Through” instrument, conduct a walk-through in your building. Be prepared to analyze and report the results.

## ***Iroquois High School, Jefferson County***

### **ACTIVITY 1 (Iroquois - Literacy Story)**

(GROUP ACTIVITY WITH TWO TO FOUR PEOPLE)

Using the explicit instruction model, (I do it, We do it, You do it), write an explicit lesson plan for an activity in which you have expertise.

## ***Russell County High School***

### **ACTIVITY 1 (Planning for Data Analysis Day)**

Review the sample internal and external assessment inventory guide from *Data Wise* (pg 48-49). Take some time to inventory the assessments given at your school to determine the following: (50-51)

3. Is there data duplication from similar assessments? If so, what can be done to correct the problem?
4. Is there an assessment timeline? If not, please outline a monthly assessment timeline.
  - Is the timeline realistic for teachers and students?
  - Is there a balance of assessments between formative and summative?
  - As a part of the formative assessments, what are some ways that teachers are progress-monitoring student achievement?
  - How is the formative/summative data being used to inform instruction down the student level?

### **ACTIVITY 2 (Informing Instruction through Observation)**

Using the observation form from RCHS, please identify the strengths of this instrument. How would you adapt this form for your school needs?

## ***Casey County School District***

### **ACTIVITY 1 (Casey County - PERKS)**

Review the PERKS document. What evidence (related to the standards and indicators) do you have that indicates an active, functional literacy team in your school? Which three indicators are the strongest and which three indicators are the weakest in your school?

<http://www.education.ky.gov/KDE/Instructional+Resources/Literacy/Literacy+PERKS/>

## ***Henry County School District***

### **ACTIVITY 1 (Literacy in Intermediate Grades)**

Using the Kentucky System of Intervention (KSI), please review the document to determine how this structure fits into your school. List some specific ways in which your school is already serving students for each of the three tiers.
